

Chapter 125

GAS CODE

[HISTORY: Adopted by the Town Board of the Town of Scott at time of adoption of Code (see Ch. 1, General Provisions, Art. II). Amendments noted where applicable.]

GENERAL REFERENCES

Storage tanks — See Ch. 291.

§ 125-1. Applicable regulations.

Gas appliances inside of structures are regulated during construction by Ch. SPS 340 and the International Fuel and Gas Code (IFGC). Meter and outside service are regulated by the authorized proper utility. Outside gas tanks (like propane) are regulated by Ch. SPS 310 and the service provider. Outside gasoline tanks are also regulated by Ch. SPS 310.
